Community

The Straight Egyptian Arabian horse remains an irreplaceable source of classic Arabian type and unique desert characteristics that have been prized for centuries. As part of its mission to preserve, perpetuate and promote this “breed within a breed”, The Pyramid Society began publishing its Reference Handbook of Straight Egyptian Horses in 1973. An invaluable reference and educational resource, these volumes have played a significant role in sharing the history, culture and timeless beauty of the Straight Egyptian Arabian with the world.

The Pyramid Society is excited to announce the publication of Volume XIII, which will be historically significant in several ways. Recognizing the rise to prominence of the Straight Egyptian Arabian on the global stage, this volume and future volumes will now be known as the Reference Handbook of Straight Egyptian Horses Worldwide. In addition to preserving many of the popular components of previous volumes of the Handbook, we look forward to the following new features:

- **Release of all prior volumes in digital format** – this exciting new feature will provide access to data and photos of more than 2200 horses that, until now, have only been available in print.
- **Cornerstone Breeders** – a section that will honor breeders around the world who have proven to be pioneers and anchors among Straight Egyptian breeders in their country or region.
- **Trustee Award Recipients** – a section highlighting all recipients of The Pyramid Society’s highest award.
- **History of the Reference Handbook** – compiled by Judith Forbis, Society Founder, Past President and Trustee, this section will explore the history, relevance and influence of this landmark publication.
- **Breeder’s Showcase** – a feature emphasizing farm photos and biographies of breeders from all over the world.
- **Story of The Pyramid Society Stud Book for Straight Egyptian Arabian Horses Worldwide** – the fascinating history of the creation and publication of this historic book.

Please accept our invitation to participate in The Reference Handbook of Straight Egyptian Horses Worldwide, Volume XIII. Details and information packets will soon be forthcoming, and we look forward to discussing your needs and assisting with your participation in this new and exciting publication.
